NOTES TO FINANCIAL STATEMENTS

Statement for the Year Ended 3/31/2008 – Grand Valley Health Plan NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Basis of Presentation – The accompanying financial statements have been prepared in conformity with the NAIC Annual Statement Instructions and Accounting Practices and Procedures Manual (SSAP's) for health organizations except to the extent that state requirements differ.

Use of Estimates – In conformity with the NAIC Annual Statement Instructions and Accounting Practices and Procedures Manual (SSAP's), the preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. These estimates and assumptions may change in the near future resulting in different actual results. Estimates that are most susceptible to change in the near term are accounts receivable and the liability for unpaid and unreported claims.

Investments (Contingency Reserve) – Pursuant to requirements of the Commissioner of Insurance for the State of Michigan, Grand Valley Health Plan executed a trust indenture. The trust is established to provide for the payment of medical services in the event Grand Valley Health Plan is unable to make payment. The agreement requires trust assets to be a minimum of \$1,000,000. The trust account met or exceeded funding requirements, as specified in the agreement. The trust invests principally in government money market funds, is stated at fair market value, and is included in cash and cash equivalents.

Investment in Affiliates – Other Invested Assets consists of a 30% interest in Leonard Street, LLC. Leonard Street, LLC operates and maintains the building used by Grand Valley Health Plan Radiology, Grand Valley Health Plan Pharmacy, Grand Valley Health Plan Beckwith Family Practice, Grand Valley Health Plan Urgent Care, Grand Valley Health Center OB Center, Grand Valley Surgical Center, LLC, and Orthopaedic Associates of Grand Rapids, PC. The Company accounts for its investment using the equity method of accounting.

Common Stock and Additional Paid in Capital – stated at cost.

Preferred Stock – None to report.

Mortgage Loans (Valuation Basis) – None to report.

Liabilities for Claims and Claim Adjustment Expenses – Health care costs are accrued as services are rendered, and include fees to physicians, hospitals, pharmacies and other providers for continuing medical care, and payments made on individual claims for which services have been performed including estimates of services performed which have not yet been reported. The reserves for incurred but not reported claims are to cover this estimated medical cost. Claims unpaid and unpaid adjustment expenses include amounts determined from individual case estimates, claim reports, and an amount for claims incurred but not reported based on past experience. Subsequent actual claim experience will differ from the estimated liability due to variances in estimated and actual member utilization of health care services, the amount of charges, and other factors. While management believes the amount to be adequate, the ultimate liability may be in excess of or less than the amount estimated in these financial statements. The Company limits a portion of their liability through stop-loss insurance. The methods for making estimates and for establishing the claims adjustment expense reserve are continually reviewed and any adjustments are reflected as determined in the periodic financial statements.
